Dear Bethany Babes friends,

## **Bethany Babes Toddlers Group is back!!**

**Starting on Thursday 16<sup>th</sup> September 2021 at 10am.**

It has been such a long time since we've seen you all – we've missed you! Thank you so much for being so patient. The last 18 months have been very exceptional and weird times for us all. No doubt many children who used to come along have started nursery now, so sorry we were never able to say goodbye. Hope you have loads of fun there and who knows, we might even see you in school assemblies and other clubs in the future.

For those who are coming back and any new children (who are always very welcome), we can't wait to invite you back on Thursday mornings. As we are all having to keep safe from this awful virus, there are a number of requests we have in order to keep Bethany Babes as safe as possible for children and adults. Here are some of the measures we have to put in place:

- Masks must be worn by adults indoors
- Social distancing laws no longer apply, but we still have to put measures in place to be responsible. When seated in the hall, please leave one empty chair space between you and a person from a different household.
- Everyone has to sign in for Track and Trace purposes – but in order to keep the queue to a minimum, when you arrive please could you write your name and telephone number on a slip/scrap of paper in advance and we will keep hold of it for 21 days when it will then be destroyed.
- On your first visit back, we will need everyone to complete a consent form. We can provide these when you arrive, but we have also made it available to download and print to save you time at the group:  
<https://bethanycaldicot.com/bethany-babes-toddler-group/>
- Snack time will still be on for the children and great news – tea or coffee and bacon sarnie (at a nominal cost) will be available for adults!
- Toilets – antibacterial wipes are available should you wish to clean down any surfaces before use (please use bins provided)
- Sanitiser will be provided throughout the building

It is a little difficult to put a definite figure on the maximum number of people allowed at present, but we will do our best to allow approx. 35 adults and 35 children in the main hall. This is something we will assess over time. If you have any questions or concerns, please contact Anita Dobbs, Group Leader (information on the church website), otherwise we look forward to seeing you on Thursday 16<sup>th</sup> Sept 2021!

Every blessing  
Bethany Babes Team!
